

YOUR SAFETY & WELLNESS IS EVERYTHING.

We're here for you and our priority is your health and safety. So, we've developed new safety measures and increased sanitation protocols to provide a clean, safe, and comfortable experience. We look forward to welcoming back your groups, meetings, weddings and everything in between.

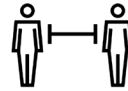

Here are some highlights of our elevated safety measures and procedures...

Hand sanitation stations will be available at the front desk, restrooms, guest rooms and all meeting spaces.

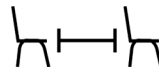

Masks will be encouraged for all guests in public spaces and we have masks available at the front desk.

We are in this together and maintain an atmosphere of mutual respect. With this we ask everyone on property to follow social distancing rules by keeping at least six feet between each other or groups.

Employees require temperature checks and a screening before entering the property. Those who don't pass will not be allowed to work on property.

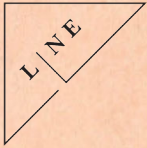

We'll make sure your event set up is good to go with the proper spacing for social distancing.

All public spaces and meeting rooms will be frequently sanitized throughout the day. All guest rooms will undergo enhanced disinfecting measures with extra attention paid to high touch surfaces.

See more on page 2...

WE'VE GOT YOU COVERED.

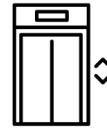

All of our meeting spaces, guest rooms and public spaces are cleaned with highly comprehensive procedures using electrostatic sprayers with an EPA approved solution to ensure the sanitization of all surfaces and items.

We're continuing to closely follow all government-mandated safety measures and all related updates.

Communication is key. We will work with you closely and keep you up to date.

Stay well ;)

All elevators will be limited to one guest, couple, or team per ride.

Guests will be asked to abide by self-screening protocols about current symptoms and recent exposure to COVID-19 prior to arriving and during their stay.

We have all the info you need at your fingertips, but without the touch. All in room printed info and menus will be available through QR codes around property, meeting spaces and guest rooms.

Our menus are being altered for your health and safety to include additional pre-packaged and 'Grab & Go' options. We also encourage you to enjoy some fresh air and dine in one of our many outdoor spaces.

All employees will be equipped with appropriate PPE, trained on new procedures and take all reasonable precautions to ensure a safe environment for you.

With your safety in mind we have halted valet services and we will have self-parking available for all guests and visitors.
